Gene:

As requested, I've given a copy of the letter to Dave. I have no comments, as the letter says basically what we expected. If Dave has any comments, I'll let you know.

Hi Terry:

I dropped off two copies of the Unimatic letter that I received yesterday. Please drop off a copy to David Haymes. John Graham, Jay Nickerson, and I will respond to the RP's letter next week. Should you have any comments please let me know and I will create an entry in NJEMS. Otherwise, no comment is necessary on your part and I will copy you on our forthcoming letter.

Thanks, Gene
